

Redwoods Tracks

Many cool animals live in the redwood forest! Draw a line to match each animal's picture on the left with its track on the right. On your next visit to a redwood park, see if you can find tracks and other evidence, such as scat (poop) or nests, of the animals that live there.

a. owl

b. salamander

c. mountain lion

d. elk

e. gray squirrel

Answers: a3; b4; c2; d1; e5
