

Redwood Connect Grants 2020-2021		
Applicant	Project Title	Project Summary
Boys and Girls Club of San Francisco	Redwood Forest Weekend Immersion for SF underserved youth	Multiple three day trips to the Mendocino redwoods to teach about the natural world and redwood ecology
Brothers on the Rise	Trail Brothers	Redwood field trips to local redwood parks for low-income urban male youth of color so they can connect to their natural environment.
City of Fresno PARCS	Rockin Through the Redwoods	Brings underserved youth to the legendary and historic redwoods that inhabit their backyard by means of hiking, plant identification and park stewardship.
City of Watsonville	Forest Learning and Accessible Camping	Bring youth on day trips and overnight camping trips so they can gain a better understanding of the natural world and become inspired to become stewards of the Earth.
Oakland Unity Middle School	Immersing Middle School Science Content with the Redwood Immersions	Brings three middle school classes on three field trips to redwood parks to learn climatology, ecosystem science and evolutionary biology.
Environmental Volunteers	Huddart Park Redwoods Exploration	Field trips to explore and learn about the redwoods to support K-5 ecology-based programming.
Exploring New Horizons	Outdoor Educational Equity	Provide students, "day camp", an outdoor learning space where they focus on environmental stewardship, social emotional learning and the arts.
Greenfield Community Science	Summer Redwood Camping Trip	Bring local youth with access to innovative science-focused learning spaces to grow up, learn, and develop.
Landpaths	In Our Own Backyard: Redwood Immersion and Stewardship	Bring students on 4 day long field trips to the redwoods to focus on redwood discovery and exploration, redwood ecology and habitat, watersheds and stewardship.

Laytonville USC	Laytonville USD Outdoor Restoration Environmental Education Program	Multiple field trips for students to promot health and safer COVID-19 educational opportunities. Explore ecological relationships in redwoods and provide team building.
Leggett Valley USD	Leggett Valley USD Restoration Environmental Education Program	Multiple field trips for students to promot health and safer COVID-19 educational opportunities. Explore ecological relationships in redwoods and provide team building.
MendoParks	Park Adventure Kits	Create 2,000 Park Adventure kits to give out to families in Fort Bragg USD, and at the Mendocino Coast Clinic
Redwood Community Action Agency	Ciencia en las Secoyas	Partner with Latinx HSU students and with high school students to train them on League curriculum and mentor them with State Park Interpretive Staff.
Stewards of the Coast and Redwoods	Forest to the Sea Environmental Education Program	Brings 800 youth on field trips to study redwood ecology and watersheds with a new focus on fire.
UCCR Web of Life Field (WOLF) School	WOLF Redwood Immersion Project	Brings students to the redwoods for a fun, hands-on, educational redwood experience with a focus to connect more people of diverse backgrounds to the redwoods and foster a deeper understanding of redwood forests
YES Nature to Neighborhoods	Redwood Ecosystem Day Outings	Bring youth and their families from Richmond on Nature Outings to redwood parks in the East Bay.
