Free Day-Use Admission to 49 State Parks on Friday

Sacramento, Calif. – Last week the Save the Redwoods League (League) announced free admission to 49 redwood state parks on Friday, November 27. Park goers must first visit the League website to download and print a Redwood State Parks Day-Use Pass to participate in this event. The pass covers admission and parking fees and must be presented to state parks staff. If there is no park staff available at the park, please display the pass on your vehicle's dashboard.

Because of the overwhelming response, 31 state parks reached the free-pass limit. Visitors without passes are welcome but must pay admission. Passes for free admission are still available at 18 other California state parks with redwood forests. Reserve and print your pass on the League website.

Please keep in mind:

- Only 49 state parks within the state parks system are participating in the Free Redwood State Park Pass Program. Most are near the coast in northern and central California, from Limekiln State Park in Monterey County to Jedediah Smith Redwoods State Park in Del Norte County. The League's offer of free admission applies only to these 49 state parks.
- You must visit the League website to reserve and print your ticket for free admission.
- Remember to print your pass and present it to state parks staff. If there is no park staff available at the park, please display the pass on your vehicle's dashboard.
- The pass covers the parking fee, but it does not guarantee a parking space or entry if the park is full due to high demand.
