

Explore Your Watershed

Lesson #4 Elaborate

<p>Step 1:</p> <p>Discover Your Watershed</p>	<p>Using the resources listed below - locate where your school/home is, and what watershed it is in.</p> <p>Go to #6 in your journal: What is Your Watershed Answer the questions about your watershed.</p> <p>Watershed map related links: http://explore.museumca.org/creeks/wb-A1-RescEast.html http://explore.museumca.org/creeks/MapOak.html https://www.fivecreeks.org/maps/ https://www.cccleanwater.org/watersheds/watersheds-in-contra-costa-county https://www.epa.gov/sfbay-delta/about-watershed</p>
<p>Step 2:</p> <p>Prevent Pollution</p>	<p>Go to #7 in your journal: Prevent Pollution Write down three ways you can prevent pollution from getting into your watershed.</p>
<p>Step 3:</p> <p>Chat with a Naturalist</p>	<p>To learn more, think of three questions you would ask a naturalist about water and watersheds near where you live.</p> <p>Your teacher will arrange a time for your class to chat with a naturalist from the East Bay Regional Park District.</p>
